Dear Sir,

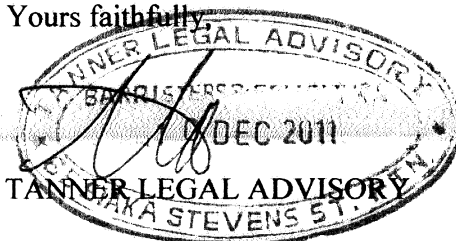

RE: LOAN OBTAINED FROM MR. HELMUT F. GIESA

We have been consulted and our services retained by MR. HELMUT F. GIESA on whose instructions we hereby write.

Our instructions are that you obtained a loan from our client to the tune of €77,000.00 (Seventy Seven Thousand Euros) upon representing to him that you wanted to use the said amount for the importation of goods. By an agreement signed by both of you and dated 7th October 2011 our client parted with the sum of €47,500.00 (Forty Seven Thousand Five Hundred Euros) and by another agreement signed by both of you and dated the 9th October 2011 our client parted with an additional sum of € 29,500.00 (Twenty Nine Thousand Five Hundred Euros). That you requested him to transfer the said amounts to an ESS FOOD account in Denmark which he did and whereby you further agreed that you will pay interest of 10% of the total amount to our client every two months from the date of the latter agreement. Both agreements and all other documents touching and concerning the said transactions have been handed over to us.

We are now instructed to demand the payment of interest which is € 7,700.00 (Seven thousand Seven Hundred Euros) and to request from you an acceptable payment plan for the payment of the principal sum of the loan amount within Seven (7) days from receipt of this letter failing which we will be left with no other option than to institute legal action against you for recovery of same and damages for breach of contract without further reference to you.

Yours faithfully,

C.C. MR. HELMUT F. GIESA ✓
